Purpose of the journal: The *Comptes rendus Geoscience* are open to all scientists, regardless of their title or nationality. An article published in the *Comptes rendus* should be the first report of an important discovery or a significant result. It benefits from a fast publication schedule once it has been accepted, which makes it possible to establish priority.

The journal also publishes thematic issues coordinated by Invited Editors, and consisting of articles written on invitation.

Editorial director: Étienne Ghys

Author enquiries

For enquiries relating to the submission of articles, please visit Elsevier's Authors Home at <http://www.elsevier.com/authors>. This also provides the facility to track accepted articles and set up e-mail alerts to inform you of when an article's status has changed, as well as detailed artwork guidelines, copyright information, frequently asked questions and more. Contact details for questions arising after acceptance of an article, especially those relating to proofs, are provided after registration of an article for publication.

The summaries of each issue and of each article published in *C. R. Geoscience* are available free of charge on the websites www.em-consulte.com and www.sciencedirect.com.
